Why Co-Op?

FOR THE FUN!

Children will enjoy multiple daily creative activities that engage the body & mind through serious play:

Sports & Recreation
Math Choice Time
Technology
Cooking
Creativity Zones
Crafts
Gardening
Board GameS
Writing Workshops
Library Time
Storytelling
Snack Time

FOR THE LEARNING!

Children will dig into extended hands-on projects under the guidance of professional educators based on Weekly Themes including:

Design Studio – Design and make products to sell in the Co-Op Store using an array of craft supplies.

Animal Real Estate – Explore how *where* an animal lives affects *how* it lives - from terrariums to tidal pools to towns.

Wanna be a Billionaire? – Figure out what it takes to become a billionaire by running the Co-Op Store!

Your Life Depends On It! – Explore animal physiology to understand what it takes for animals to survive through life cycles, aging and illness.

Click & Connect – Develop logic skills through creative programming and robotics projects using code and electric circuits.

Water Play – Build a water park and water toys for fun activities that explore the properties of H2O!

For the Summer Spirit!

SWIM TIME AT HOMMOCKS POOL
OUTDOOR GAMES
FUN-TASTIC FRIDAYS:

Grades 3-5:
Field trips to sites such as NY Hall of Science & the Maritime Aquarium

Grades 1 & 2:
Special programs with community partners such as Westchester Children's Museum & the Maritime Aquarium

What makes Co-Op unique?

IT'S A COOPERATIVE

18 pairs of high school & college students leading graded groups

5 dedicated leaders working as a team to mentor the young adults, support educators and serve parents

7 highly experienced, professional educators leading project based learning

3 person aquatics team providing supervision at Hommocks Swimming Pool

IT'S A COLLABORATIVE

Group work with the MAS Garden team

Multiple collaborative partnerships with local groups such as Westchester Land Trust at Otter Creek

Projects that embed math and literacy skills into project-based work

IT'S ALL ABOUT THE CARING

A school-based program with professionals from our school district

A counselor to child ratio of at least 1:8

A highly diverse staff with Spanish speaking support counselors and educators

A strong emphasis on safety, health and wellness for each child
